

Here's a step-by-step guide to syncing your Radical CalDAV Addressbook with Mozilla Thunderbird

1. Access Radical CalDAV

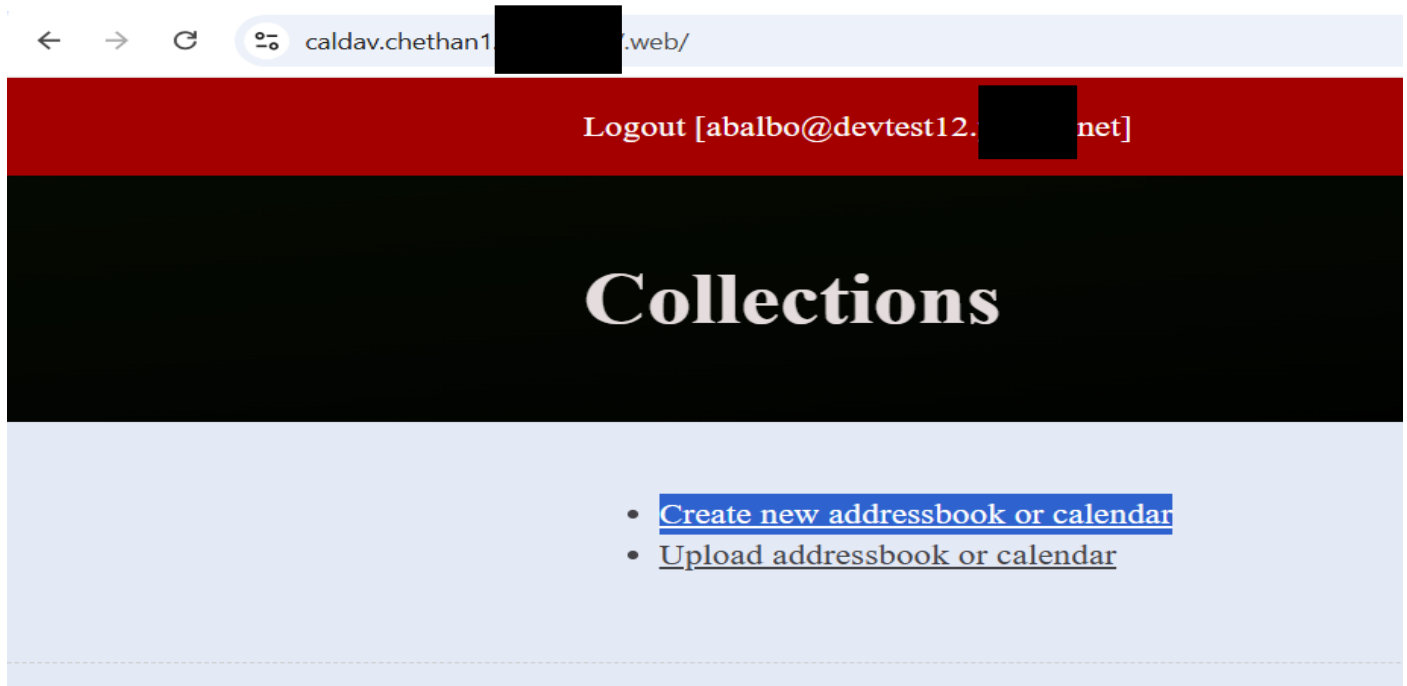

- Open a web browser and navigate to your Radical CalDAV instance
- Log in with your username and password

A screenshot of a web browser showing the login page of a Radical CalDAV instance. The browser's address bar displays 'caldav.chethan1[REDACTED]/.web/'. The page has a black header with the word 'Login' in white. Below the header, on a light blue background, are two input fields labeled 'Username' and 'Password', followed by a 'Next' button.

2. Navigate to Address book section

- Click on the “**Create new addressbook or calendar**” tab in menu.

A screenshot of the 'Collections' page in a Radical CalDAV instance. The browser's address bar shows 'caldav.chethan1[REDACTED]/.web/'. A red navigation bar at the top contains a 'Logout [abalbo@devtest12.[REDACTED].net]' link. Below this, a black header displays the word 'Collections' in white. The main content area, on a light blue background, features a list of two links: 'Create new addressbook or calendar' (highlighted in blue) and 'Upload addressbook or calendar' (underlined).

3. Create a new Address book

- Feed the necessary information like Enter a name for your Address book [e..g “My Contacts”] under **Title**
- Optionally, add a description for your Address book under **Description**
- Then click on **Type option**, here you will get different options **Select Addressbook**
- Click on **Create option**.

← → ↺ caldav.chethan1. [REDACTED] /web/

Logout [abalbo@devtest12. [REDACTED]]

Create new collection

Title:

Description:

Type:

Color:

- After creating Address book you will get a URL to access it from mail client

 My Contacts [addressbook]

Important List

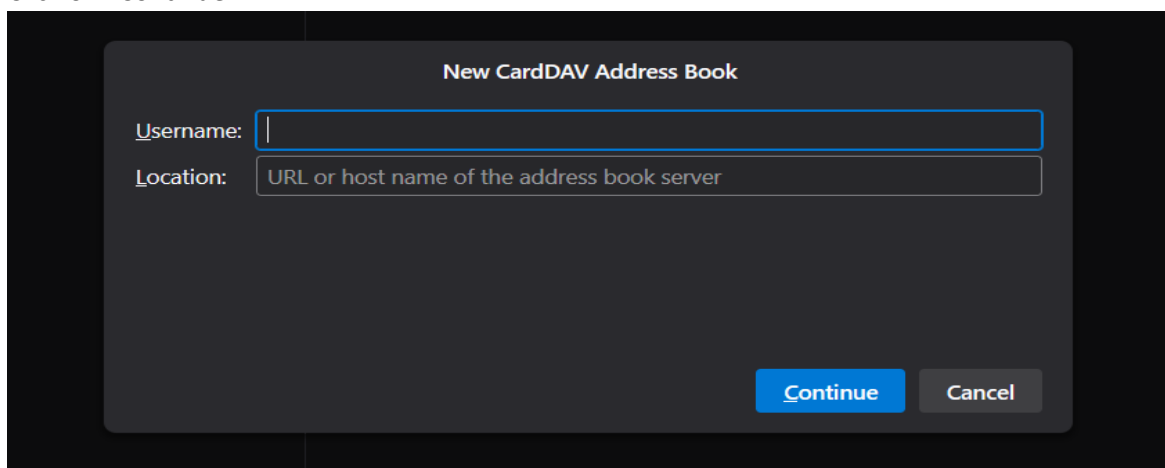

- URL: [https://caldav.chethan1.\[REDACTED\]abalbo%40devtest12.\[REDACTED\]](https://caldav.chethan1.[REDACTED]abalbo%40devtest12.[REDACTED])
- [Edit](#)
- [Delete](#)

4. Thunderbird Configuration

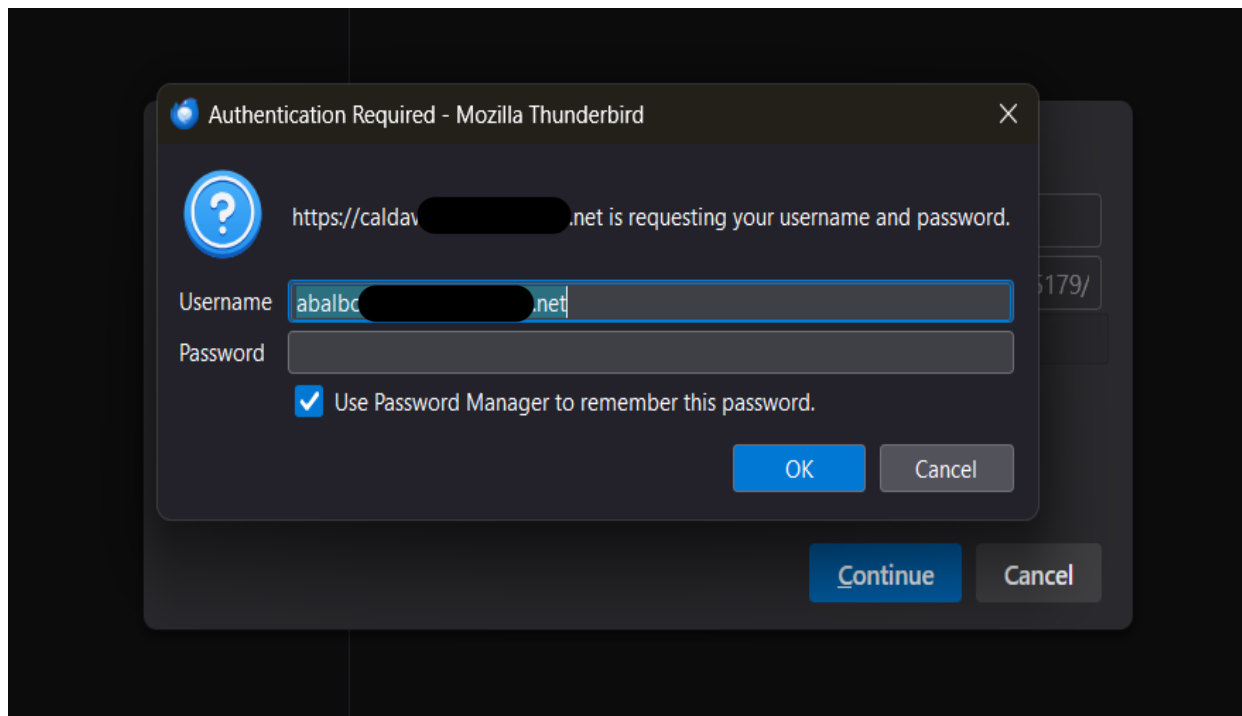

- Open Mozilla Thunderbird on your computer.
- Click on the “Address Book” button in the top navigation menu. [Alt + 2]
- Click on “Create a new address book” and then select “Add CardDAV Address book”

- Then Enter the Radical CalDAV username and URL of Address book [Step 3]
- Click on “Continue”

- Enter the password for authentication

- Click on OK .
- Setup is done.
